RE: University Rugby Club Setup 2023/24 - Prizes on offer

As the new academic year approaches, now is the time to get set up for university rugby union in 2023/24!

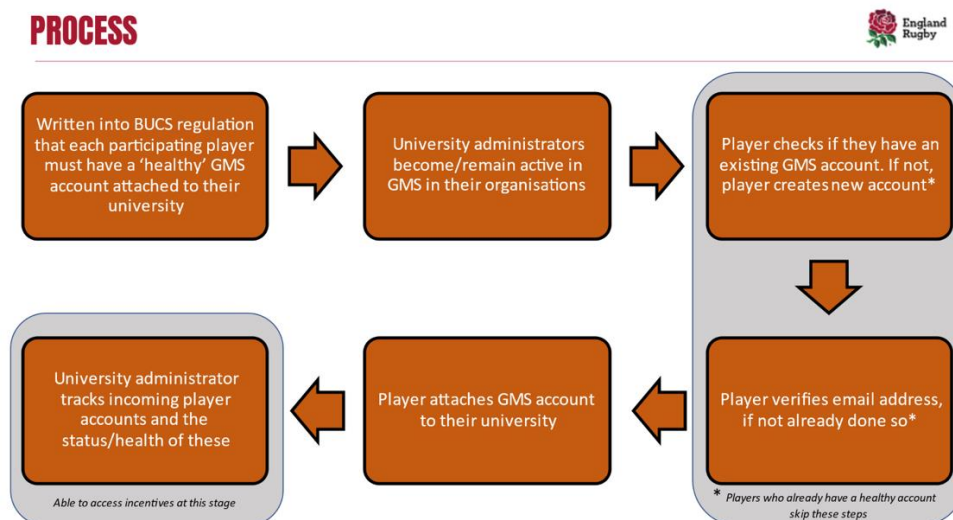

Get ready for university rugby union by following the straightforward process to get set up with a 'healthy' Game Management System (GMS) account that is attached to your university.

The Process

The step-by-step process for you to register a 'healthy' GMS account is straightforward. By registering your GMS account, you will also not need to repeat this process in future seasons.

Information has been made available via [this video](#) and support can be found via [Community Rugby Help](#).

We are also hosting a [Webinar for University Club Rugby Players](#) on 21 September. This webinar will bring you up to speed on key tasks, provide more detail on prizes, and answer your questions about what you need to do to play university rugby union in 2023/24.

The Prizes

To help get university clubs set up for the season, prizes are also available for all players that create their GMS account, verify their email address, and attach their account to their university.

Once you complete these steps you will enter the draw for a chance to win the following prizes:

- An England shirt signed by the 2022/23 Senior Men's team
- An England shirt signed by the 2022/23 Senior Women's team
- An England rugby ball signed by the 2022/23 Senior Men's team
- An England rugby ball signed by the 2022/23 Senior Women's team
- One of twelve England Rugby Store £100 gift cards

Signing up also helps your whole squad as prizes are available for University Administrators. They **have the chance to win one of six £500 Gilbert Rugby Equipment Vouchers**. Get in touch with your club administrators to find out more.

Please 'opt in' to get access to more great content and prizes in future. Find full terms and conditions of the prize awards [here](#) and [here](#).
